

Client
Formby High School

Location
Formby, Merseyside

Project Value
£690,000

Sector
Education

Another successful project win for Senate at Formby High School on Merseyside, which consisted of a full life safety program.

This project also included:

- The installation of emergency lighting throughout
- Installation of a new fire alarm system
- As well as complete fire door installation

This project was part completed through lock down and part completed once the students had returned back to full time education.

Strong communication between Senate and the team at Formby High School has been paramount throughout.

“

A very challenging project for Senate to complete within the reduced time frames, the Covid 19 situation and a live school environment.
