

Client
Academy of St Nicholas

Location
Speke, Merseyside

Project Value
£450,000

Sector
Education

This project saw us undertake a range of Mechanical and Electrical works as part of the wider programme.

Our works included:

- **Removing and replacing deteriorating carbon steel pipework in the heating system**
- **Boiler replacement**
- **Full update of control systems**
- **Installation of climate control air conditioning throughout the school**

All work was completed on time and kept to the budget requirements.
