This project involved Senate carrying out a number of different types of electrical works and installations across a range of different areas of the WildThang business.

Senate oversaw the installation of:

- New build extension and the rewiring of the current warehouse provision
- New IT server room and data installation
- Installation of a new door access system
- Installation of a full CCTV system
- Fire alarm and intruder alarm systems

The project was completed to a very tight programme and delivered on budget and on time.
