

Client
Academy @ Worden

Location
Leyland

Project Value
£300,000

Sector
Education

A CIF scheme, this full refurbishment and upgrade of the kitchen was undertaken within the six weeks summer school period.

Senate Group provided new staff and conference room facilities as well as refurbishment of the adjacent hall. These were additional works to the original contract, all still completed within the tight timescales given.

Our works included structural alterations and adaptations to refurbished areas, and upgrading mechanical and electrical installations through our in-house building services team.

Senate managed the kitchen installation and fit-out through the School's nominated subcontractor.

The project was completed to programme including all additional works incorporated into the contract to the high expectations of the school.

The team worked extremely hard, on what was tight timescales, with work delivered to a high standard, especially as several additional works areas were agreed. Great job overall."
